

March 20, 2020

Honorable Erica A. Barker
Secretary, U.S. Postal Regulatory Commission
901 New York Avenue, NW, Suite 200
Washington, DC 20268-0001

Dear Ms. Barker:

Pursuant to 39 U.S.C. § 407(d), the United States Postal Service (Postal Service) is hereby providing the Commission with copies of two commercial agreements of the Kahala Posts Group (KPG) to which the Postal Service and various foreign postal operators are parties: the KPG Full Members Agreement for 2020 and the KPG Strategic Services Agreement 2020.¹

Redacted versions of these two agreements are attached to this letter as Attachments 2 & 3, respectively. The non-public, unredacted versions of the agreements are being filed under seal and are each marked "Confidential" and "Non-Public" because the documents contain information considered confidential and commercially sensitive by the parties to the agreements. Further, the Postal Service considers certain portions of the documents to be protected by 39 U.S.C. § 410(c)(2) and Exemptions 3 & 4 of the Freedom of Information Act (FOIA) and not subject to mandatory disclosure under FOIA for those reasons.

Consequently, we have attached (as Attachment 1) an application for non-public treatment of the unredacted versions of these two documents under 39 C.F.R. § 3007.201. In addition, we respectfully request that the Commission coordinate with the Postal Service in the event that either document becomes subject to any FOIA request so that we can engage in appropriate consultations with the affected foreign postal operators that also are parties to these agreements.

Please feel free to contact me if further information would be helpful.

Sincerely,

Jeffrey A. Rackow
Attorney, United States Postal Service

APPLICATION OF THE UNITED STATES POSTAL SERVICE FOR NONPUBLIC TREATMENT OF MATERIALS

In accordance with 39 C.F.R. § 3007.201, the United States Postal Service (“Postal Service”) applies for non-public treatment of the enclosed two commercial agreements related to the improvement of international postal services, particularly express, packages and logistic services, among members of the Kahala Posts Group (“KPG”).¹ The Postal Service is transmitting these agreements to the Postal Regulatory Commission (“Commission”) in accordance with 39 U.S.C. § 407(d). Redacted versions of the agreements are enclosed with this transmittal. The Postal Service furnishes the justification required for this application by 39 C.F.R. § 3007.201(c) below.

(1) The rationale for claiming that the materials are non-public, including the specific statutory provision(s) supporting the claim, and an explanation justifying application of the provision(s) to the materials.

The material designated as non-public information consists of data considered commercial in nature and third party business information which under good business practice would not be publicly disclosed pursuant to 39 U.S.C. § 410(c)(2) and 5 U.S.C. § 552(b)(3)-(4).² Because the portions of materials filed non-publicly fall within the scope of information exempt from public disclosure, the Postal Service asks the

¹ The KPG members are the United States Postal Service, Australian Postal Corporation, China Post Group, Correos y Telégrafos SAE, Hongkong Post, Japan Post Co., Ltd., Korea Post, Groupe La Poste, Royal Mail Group, Ltd., Thailand Post Co., Ltd., and Canada Post Corporation. The agreements are the KPG Full Members Agreement dated 1 January 2020 and the KPG Strategic Services Agreement 2020.

² In appropriate circumstances, the Commission may determine the proper level of confidentiality to be afforded to such information after weighing the nature and extent of the likely commercial injury to the Postal Service against the public interest in maintaining the financial transparency of a government establishment competing in commercial markets. 39 U.S.C. § 504(g)(3)(A). The Commission has indicated that “likely commercial injury” should be construed broadly to encompass other types of injury, such as harms to privacy, deliberative process, or law enforcement interests. PRC Order No. 4679, Order Adopting Final Rules Relating to Non-Public Information, Docket No. RM2018-3, June 27, 2018, at 16 (reconfirming that the adopted final rules do not alter this long-standing practice); PRC Order No. 194, Second Notice of Proposed Rulemaking to Establish a Procedure for According Appropriate Confidentiality, Docket No. RM2008-1, Mar. 20, 2009, at 11.

Commission to support its determination that these materials are exempted from public disclosure and grant its application for their non-public treatment.

(2) A statement of whether the submitter, any person other than the submitter, or both have a proprietary interest in the information contained within the non-public materials, and the identification(s) specified in paragraphs (b)(2)(i) through (iii) of this section [39 C.F.R. § 3007.201] (whichever is applicable). For purposes of this paragraph, identification means the name, phone number, and email address of an individual.

The Postal Service believes that the postal operator parties to the agreements are the only third parties with proprietary interests in the materials. The Postal Service identifies as an appropriate contact person Vincent Mougey, Executive Director, KPG, Jubilee Center 9/F #905, 18 Fenwick Street, Wan Chai, Hong Kong, Hong Kong. Mr. Mougey's phone number is +852 2528 6716, and his email address is vincent.j.mougey@usps.gov.³ The Postal Service has already informed the members posts of KPG, in compliance with 39 C.F.R. § 3007.200(b), about the nature and scope of this filing and about the postal operators' ability to address any confidentiality concerns directly with the Commission.

(3) A description of the information contained within the materials claimed to be non-public in a manner that, without revealing the information at issue, would allow the Commission to thoroughly evaluate the basis for the claim that the information contained within the materials are non-public.

Pursuant to 39 U.S.C. § 407(d), the Postal Service is transmitting agreements with foreign postal operators, certain of which are agencies of foreign governments. The agreements include specific targets and measurement of service objectives,

³ 39 C.F.R. § 3007.201(b)(2)(ii) provides that, where a third party's identification is "sensitive or impracticable," another individual may be designated to provide notice to the third party as applicable. Under the present circumstances in which the third parties are foreign postal operators that are based abroad to conduct their businesses, it is impracticable to identify one individual who can receive and accept future notices of U.S. motions, subpoenas, or orders related to these materials on behalf of the foreign operators. Accordingly, the Postal Service identifies the individual above to provide such notices as applicable.

targets, and/or levels of achievement for Standard (EMS) items; dispatch and delivery of Standard (EMS) items; End-to-End Standard (EMS) service items; electronic data interchange (EDI) events transmissions; and End-to-End Economy (Air Parcels) service. The agreements also include information concerning required KPG expenses and fees; information technology support, maintenance, and enhancement; and product market research. The Postal Service maintains that the redacted portions of the documents should remain confidential.

(4) Particular identification of the nature and extent of the harm alleged and the likelihood of each alleged harm alleged to result from disclosure.

If the commercially sensitive information that the Postal Service determined to be protected from disclosure were to be disclosed publicly, there is a high likelihood that the Postal Service would suffer commercial harm. The Postal Service does not believe commercial information within the KPG agreements would be disclosed under good business practices. Competitors, which might include foreign postal operators as well as integrators, could use the targets and levels of achievement and financing information described in connection with Factor (3) above to assess any possible comparative vulnerabilities and to focus sales and marketing efforts on those areas, to the detriment of the Postal Service and the foreign postal operator parties to the agreements. Additionally, foreign postal operators or other potential customers could use the information to their advantage in negotiating the terms of their own agreements with the Postal Service and other KPG members. The Postal Service considers these to be highly probable outcomes resulting from the potential public disclosure of the redacted material.

Attachment 1 to Postal Service Letter Dated March 20, 2020

The agreements include specific information concerning targets and levels of achievement and financing. All of this information is highly confidential in the business world. If this information were made public, Postal Service competitors, and competitors of the other postal operator parties, would be able to assess KPG's required targets and levels of achievement. This would enable competitors to take advantage of the information when setting their own targets and levels of achievement. Additionally, foreign postal operators or other potential customers could use such information to their advantage in the negotiation of their own agreements with the Postal Service. Eventually, this activity could freeze the Postal Service out of the expedited and parcels market.

Information in the agreements also include the sensitive commercial information of foreign postal operator members of KPG. Disclosure of such information could be used by competitors of those postal operators and provide a benchmark for the development of competitive alternatives.

Finally, information about KPG fees required to fund its activities is withheld on grounds that disclosure could provide insights to competing postal operators and integrators regarding certain costs of maintaining a similar type of association. Disclosure of such information would enable competitors to gain valuable intelligence to mimic a similar type of arrangement.

(5) At least one specific hypothetical, illustrative example of each alleged harm;

Harm: Public disclosure of performance metrics in the agreements would provide foreign postal operators that are not parties to the transmitted agreements with extraordinary negotiating power in negotiations with the Postal Service.

Attachment 1 to Postal Service Letter Dated March 20, 2020

Hypothetical: The agreements are disclosed publicly on the Commission's website. A non-party postal operator sees the information and uses the publicly available information concerning targets and levels of achievement to the Postal Service's detriment in bilateral negotiations with the Postal Service over expedited and parcel services.

Harm: Public disclosure of information in the agreements, including information concerning KPG's strategic initiatives, would be used by the Postal Service's competitors, as well as competitors of the foreign postal operators that are parties to the agreements.

Hypothetical: A competing international delivery service obtains copies of the unredacted versions of the agreements from the Postal Regulatory Commission's website. The competitor analyzes the agreements to assess the targets and levels of achievement of the foreign postal operators and the Postal Service, as well as KPG's strategic initiatives. The competitor uses that information as a baseline to develop competitive alternatives.

Harm: Competitors would use performance thresholds to assess vulnerabilities and focus sales and marketing efforts to the detriment of the Postal Service and the other postal operators that signed the agreements.

Hypothetical: The information about targets and levels of achievement thresholds in the agreements is released to the public. Another delivery service's employee monitors the filing of this information and passes the information along to its sales and marketing functions. The competitor then uses this information as a comparison point, advertising

Attachment 1 to Postal Service Letter Dated March 20, 2020

itself to potential customers as offering performance better than the Postal Service or another postal operator party.

Harm: Competitors could use information within the agreements to create competing associations mimicking the funding and activities of the association.

Hypothetical: Information about KPG fees required to fund the organization's activities is released on the Commission's website. Through disclosure of the costs of funding the organization's activities, competing postal operators or integrators can assess the financial feasibility of operating a competing organization or association. If so, a competing postal operator or integrator would use the information in the agreements as a template to create a model for a competing association and lure postal operators to the competing organization with promises of lower fees and lower achievement thresholds. Further, competitors could gain valuable intelligence to assess the costs borne by the KPG operators with respect to the administration of the association, and target their efforts at the markets which serve as the focus of KPG activities.

(6) The extent of protection from public disclosure deemed to be necessary;

The Postal Service maintains that the redacted portions of the materials filed non-publicly should be withheld from persons involved in competitive decision-making in the relevant markets for international expedited and parcels products (including postal operators and private sector integrators), as well as their consultants and attorneys. Additionally, the Postal Service believes that, with the exception of foreign postal operators that currently have access to this information, actual or potential customers of the Postal Service for parcels and expedited services or similar products should not be provided access to the non-public materials.

(7) The length of time for which non-public treatment is alleged to be necessary with justification thereof.

Commission regulations provide that non-public materials shall lose non-public status ten years after the date of filing with the Commission, unless otherwise provided by the Commission. 39 C.F.R. § 3007.401(a). However, because the Postal Service's relationships with postal operators often continue beyond ten years, the Postal Service intends to oppose requests for disclosure of these materials pursuant to 39 C.F.R. § 3007.401(b)-(c).

(8) Any other factors or reasons relevant to support the application.

None.

Conclusion

For the reasons discussed, the Postal Service respectfully requests that the Commission grant its application for non-public treatment of the identified materials.

This shall be the subject of a separate agreement, which shall contain such terms and conditions as the KPG Members may decide. The relative benefit of, or relative usage of, a project should be taken into account in determining the scope and extent of a member's contribution to, and involvement in, projects as appropriate.

7. FINANCING

- (a) Except as provided in Article 6, and in principle, the funding of KPG activities shall be based on

The withdrawing KPG Member shall execute the Agreement Concerning Withdrawal from KPG which will outline the terms and conditions of the withdrawal and any continuing financial or legal obligations outstanding between KPG and the withdrawing KPG Member. As a core term, the Agreement Concerning Withdrawal will include continuing obligations related to the use of "Confidential Information" as set forth in the Confidentiality Agreement.

Expenses reasonably incurred by KPG to accommodate the withdrawal of a member shall be paid by the withdrawing KPG Member.

12. ADDITIONAL OBLIGATIONS OF KPG MEMBERS

KPG Members shall abide by the principles expressed in the KPG Guiding Principles as endorsed by the Board of Directors from time to time, the most recent version of which supersedes all previous versions of those same documents.

13. AMENDMENT OR TERMINATION

This Agreement may be amended or terminated by consensus of the CEO Board. Any such amendment or termination shall be in writing and signed by each KPG Full Member.

14. REGULATORY NOTICE

Notwithstanding the terms of Article 9, a KPG Member (the "Receiving Party") may release Confidential Information that it received from a KPG Member (the "Disclosing Party") if that information is requested by any federal, state, or local governmental body (including the courts) or a stock exchange in the proper exercise of its oversight or investigatory jurisdiction. In addition, the Parties acknowledge that U.S. law may require the filing of this Agreement and supporting documentation (which may include related revenue, cost, weight, volume, and electronic advance data exchanged between the U.S. Postal Service and counterparties) with the U.S. Postal Regulatory Commission ("Commission"), the U.S. Department of State, and the U.S. Government Accountability Office. Such required filings may include filing the Agreement and related information in the Commission docket for the Annual Compliance Report (ACR) for the U.S. Postal Service fiscal year(s) in which the Agreement is in effect. Each ACR docket has a distinct docket number, such as ACR20###, in which ACR20### signifies the U.S. Postal Service fiscal year to which the ACR pertains.

- (a) The Parties executing this Agreement other than the U.S. Postal Service (hereinafter the "counterparties") authorize the U.S. Postal Service to determine the scope of information that must be made publicly available under U.S. law including under the Commission's rules.
- (b) The U.S. Postal Service shall notify the counterparties of any such filing with the Commission on or before the date of filing.
- (c) The counterparties further understand that any unredacted portion of the Agreement or supporting or referenced information may be available on the Commission's public website, www.prc.gov, and that they have the right to address any outstanding confidentiality concerns with the Commission directly. The procedure for making an application to the Commission for non-public treatment of materials believed to be

protected from public disclosure is published on the Commission's website at <https://www.prc.gov/docs/105/105579/Order%20No.%204679.pdf> and found at Title 39, U.S. Code of Federal Regulations, Part 3007, Subpart B, including Sections 3007.201 and 3007.204. At the request of a counterparty, the U.S. Postal Service will provide the docket number of the Commission proceeding, if any, used in connection with this Agreement.

- (d) The U.S. Postal Service may release Confidential information if such release is required by the Freedom of Information Act, 5 U.S.C. § 552 ("FOIA"), subject to U.S. Postal Service regulations regarding disclosures of business information set forth in 39 C.F.R. § 265.7 ("Confidential commercial information obtained from submitters"), or a successor provision dealing with similar matters or if such release is required in the reasonable judgment of the Postal Service under Title 39, U.S. Code.
- (e) However, the Receiving Party shall, unless such notice is expressly prohibited, provide reasonable advance notice to the Disclosing Party in the event it intends to disclose information pursuant to this Article prior to such disclosure.

15. COUNTERPARTS

This Agreement may be entered into by counterparts, all of which taken together shall constitute one and the same instrument. Any KPG Full Member may enter into this Agreement by executing any such counterpart.

16. OPERATION OF THIS DOCUMENT

Subject to the understanding that any actions legally taken in conformity with the provisions of any prior Memoranda of Understanding or Members Agreements are, and remain, valid and effective, this Agreement replaces any and all prior Memoranda of Understanding or Members Agreements Concerning the Organization and Function of KPG.

This Agreement becomes effective and operates as from January 1, 2020 and remains operative unless and until it is amended, terminated, or replaced by an instrument authorized by the CEO Board.
